Dear Representative Joseph Graves and to all Oversight committee members,

As a Michigan parent, please be advised that the MDHHS should not have the right to create our state regulations without the proper Public notice and hearing process .

Please be advised that the MDHHS should not have the right to mandate any Immunizations to be required by law for my children or myself .

Also be advised it's our right as parents to maintain vaccine choice in Michigan and no child should be excluded from school due to that right .

Lastly It my right as a parent to seek a vaccine exemption for my children attending Michigan public schools due to our choices on Vaccinations .

Please support our rights to be heard!

Sincerely,
Heidi Scheer, registered Michigan Voter .
